

**GSA GWAC Contract  
GS-06F-0536Z**

(Solution Contract for Your Technology Needs)

ALOG Corporation is a sub-contractor to Veteran Enterprise Technology Services LLC on the Government-wide Acquisition Contract (GWAC) which is a small business set-aside contract for service-disabled, veteran-owned (SDVO) small technology firms. This contract is the result of Executive Order 13360 which is designed to strengthen federal contracting opportunities for SDVO technology firms.

VETS GWAC Delegation of Ordering Authority

- Federal buyers wanting to use the VETS GWAC must receive training on the proper use of VETS contract and be granted a written delegation of ordering authority (Delegation) signed by a VETS GWAC PCO prior to competing for and issuing VETS GWAC task orders.
- The training may take as little as 15 to 20 minutes. Delegation is required by GSA's Quality Assurance Plan in accordance with the Office of Management and Budget guidelines, and the Delegation training helps contract officers use the contract more effectively. Delegation can only be granted to warranted Ordering Contracting Officers (OCOs), but all individuals involved with an order are encouraged to participate in the training.
- Delegation is easy to request and is routinely handled through a brief conference call with a VETS GWAC PCO provided the parties being trained have internet access and during the training.
- To start the process, Contracting Officers interested in becoming VETS GWAC OCOs need to submit the information to [vetsgwac@gsa.gov](mailto:vetsgwac@gsa.gov):

- Agency name, individual(s) full name, street address, email address, phone number and fax number for each Contracting Officer requesting VETS GWAC delegation or ordering authority.
- Scan and email a copy of each Contracting Officer's warrant to the names listed above or copies maybe faxed to (816) 823-1608.
- Names of other individuals who may be participating in the training. (Please note: These additional individuals, if not Contracting Officers, are not eligible to receive delegation of ordering authority.)
- Upon receipt of this information, a VETS GWAC PCO will contact the Contracting Officer(s) to set up a training date and time.
- After the training is completed, the Delegation memorandum will be sent to the contracting officer. Upon bilateral execution, the contracting officer will be a VETS GWAC OCO.
